Synopsis

Researching products that sell well on Ebook Tops isn't easy. However, if you have the right tools and know how to find products that have good sales volume, you have potential to grow your business at a pace you are comfortable with. But how do you know which products sell well in the first place? In this book I'd like to introduce you to Jungle Scout, a Chrome extension that I use to help me find profitable products. Once you know which products are profitable, you'll save lots of time and frustration, which leaves you more availability to contact wholesale suppliers or manufacturers. Putting the emphasis on developing relationships is key to your success. But first, you'll need to know how to do the research. In Ebook Tops FBA with Jungle Scout, I'll take you step by step through the process of finding products that sell well and help your business grow.
